With a personal story related to our topic, and facts presented in a way that only a retired college professor (with a Master's degree in Physics!) could, **Dr. Jim Wolter**, will be our first speaker for the evening. Jim and his wife Kandy live in Spring Lake and recently welcomed their first great grandchild!

Jim "Butch" Murphy, founder and president of Vera Cruz Communications is our third and keynote speaker for this event. To evangelize, Jim once walked a 6' tall cross 4200 miles across the US, and through 14 pairs of shoes. He knows sacrifice & commitment! Audiences everywhere have been inspired by Jim's story-telling wit and wisdom.

Our second speaker is still a mystery, even to us. Will his name also be "Jim"? Will he be from the *Silent No More* organization. Both to be determined. Stay tuned!
